

LIVINGSTONE RANGE SCHOOL DIVISION

INSPIRING LEADERSHIP COURSE

Develop your leadership potential to benefit yourself, your classroom, your work area, or your school.

Teachers, enhance your leadership skills through 6 facilitated group sessions as you explore:

- Leadership Principles
- Building & Maintaining Effective Relationships as Leaders
- Effective Communication
- Visionary Leadership
- Wellness and Leadership
- Leadership Quality Standard

Expand your skills and contributions as a leader.

As you explore what leadership means as an individual, in relationships, and in an educational setting, you will:

- Learn about different leadership philosophies
- Share experiences and learn from group participants
- Understand the power of developing trust in building relationships
- Practice empathic listening skills
- Define your own identity as a visionary leader
- Consider the balance between wellness and leadership effectiveness

Apply the Inspiring Leadership concepts and practices to your own personalized leadership project.

Determine and complete a school-based leadership project that is of personal interest to you and which may be linked to your professional growth plan, your leadership responsibilities at work, or school contribution. Share your project with the group at the May 2022 session and get even more inspiration from others for ongoing leadership development.

Space is limited. Register by September 10.
